

iTeam: Having a Voice of Opinion

Roche Products Ltd

Mijanur Rahman

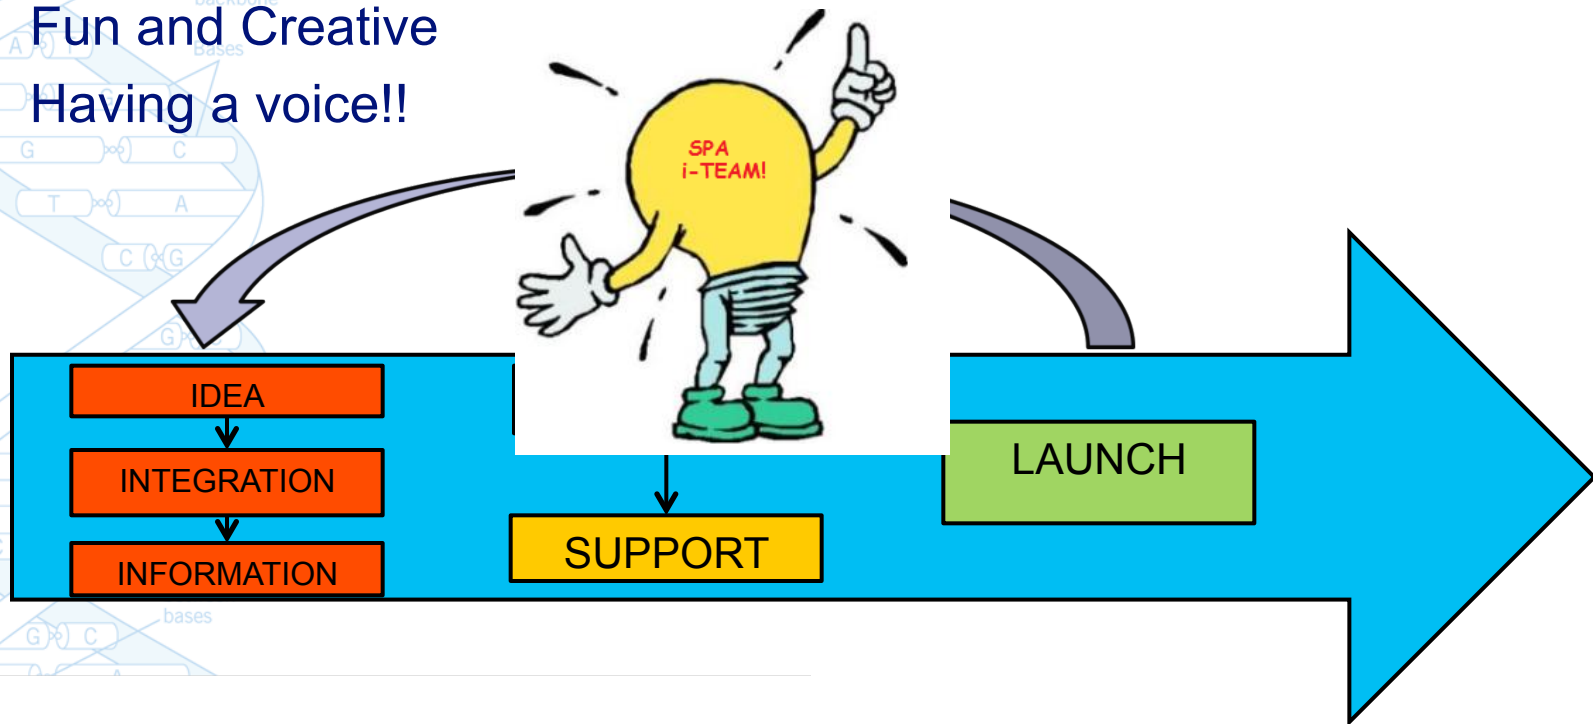

Famous Quotes!!

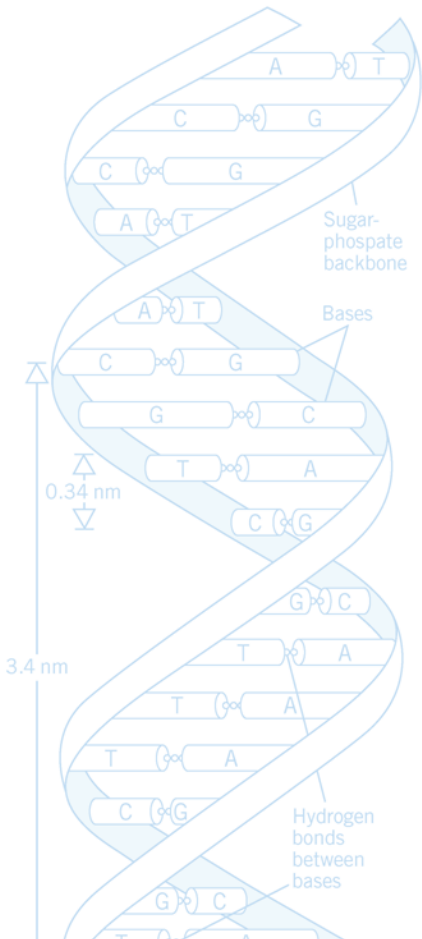

M. A. Rosanoff: “Mr. Edison, please tell me what the breakthrough innovations come when the tension of the laboratory rules you want me to observe is greatest and the resources are most limited. That’s when people are actually a lot more open to rethinking trying to accomplish something!”

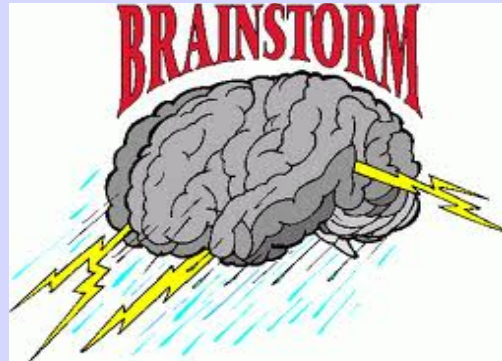

*Thomas Edison – An American inventor
Prof. Christensen (an author on innovation)*

- Making a Difference
- Driving innovation
- Inspiration from others
- Fun and Creative
