Plenary Overview

FDA Plenary: Collaboration Driving Technology Adoption

- **Welcome**
  Lilliam Rosario, *FDA*
- **Dataset-JSON**
  Jesse Anderson, *FDA*, Sam Hume, *CDISC* & Stuart Malcolm, *Veramed*
- **Open Source Technologies**
  Michael Stackhouse, *Atorus Research* & Paul Schuette, *FDA*
- **PHUSE/FDA Innovation Challenge**
  Chris Hurley, *PHUSE Americas Director*
- **PHUSE/FDA CSS Plane Builder Awards**
  Chris Price, *PHUSE Working Groups Director* & Lilliam Rosario, *FDA*

Time for a special thank you…

Anne Russotto

- Contributor and driver of many projects in the ODS working group
- Industry representative on the steering committee for many years
- Keen eye for detail providing valuable feedback on all CSS deliverables and processes
- Poster chair for CSS

Chris Decker

- Initial “Instigator” for PHUSE partnering with FDA to run CSS
- Industry Lead for many years
- Critical member of the early steering committee responsible for setting many of the structures in place
- Long term support of PHUSE Board in relation to CSS and Working Groups
- Advisor to the Steering Committee (now Operations Committee) for the last few years
