🕒

Reject Issues

Know which Studies have Issues with an Impact or Severity of Reject.

Studies with even one Reject issue cannot be successfully submitted.

Project	Source	Unaddressed	Studies Affected	Data Packages Affected	Actions
		223/226	5	12	View
		61/62	3	2	View
		45/45	6	12	View
		30/35	2	2	View
		21/28	1	3	View
		5/10	1	2	View

🎯

Projected Scores

See your portfolio's overall data quality and submission readiness.

Allocate more resources to areas whose fitness you want to boost.

📋

Standards Adoption

Know how many studies have employed each version of your standards.

📅

Validation Frequency

Be sure validations occur as needed to meet specific milestones.
