Obstacle to Success

Enablers to Success

Equity through Partnerships

Conclusion

For Embracing the shift from SAS to Open Source Technologies

- Start where You are
 - What are your upcoming deliverables?
 - How do you learn best?
 - Talk with your LM and your team – create a Strategy
- Layout your Plan
 - Set learning goals
 - Create boundaries
- Prioritize your Success
 - Communicate, Monitor, and Mitigate Risks
 - Most importantly: Believe in Yourself
