Sponsor Zones

The Sponsor Zones, hosted by d-wise, an Instem company, and Maxis AI, provided a large, customised space in the Exhibition Hall where attendees could explore their solutions and see their industry impact firsthand.

Social & Networking Events

Social Events enhanced the overall conference experience while offering sponsors a powerful platform to strengthen brand recognition and foster meaningful connections with attendees.

Connection & Wellness Sponsors

Connection & Wellness activities offered sponsors opportunities to engage with attendees beyond the core conference agenda. From early morning fitness to creative experiences, these well-attended events promoted well-being while providing memorable settings to increase brand visibility.

Branding Opportunities

The Keynote Video from Clymb Clinical showcased their platform during the Keynote Plenary Session, delivering peak visibility and high-impact engagement in a single, full-audience setting.

Connect Lanyards, sponsored by Appsilon, provided continuous brand exposure as attendees wore them throughout the event, appearing in photos, social media, and post-event materials long after the conference ended.

Exhibitor Feedback

Sponsoring PHUSE is a great way of increasing our brand visibility and getting connected with industry peers while supporting PHUSE to continue hosting these great events.

- Entimo

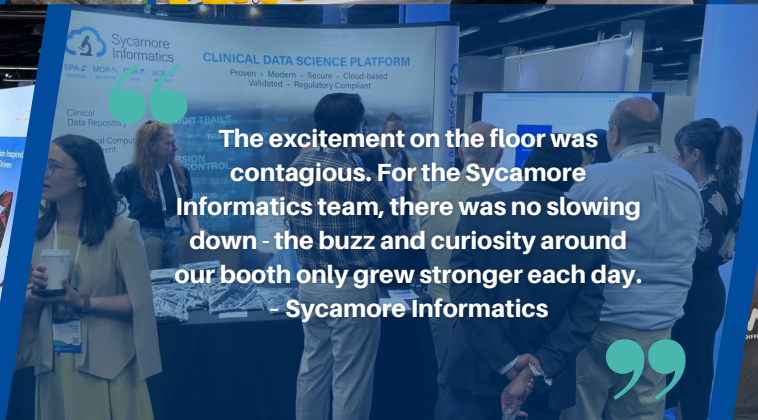

It was great connecting, collaborating and showcasing our expertise at our booth in Austin.

- MARS

There is no better conference in my opinion to see where and how the industry is applying new and emerging technologies.

- Siemens

The excitement on the floor was contagious. For the Sycamore Informatics team, there was no slowing down - the buzz and curiosity around our booth only grew stronger each day.
