Data Transparency Autumn Event
15–17 September 2026

Real World Data Autumn Event
30 September–1 October 2026

Prospectus

PHUSE Working Group Events

Since 2014, PHUSE has been at the forefront of advancing knowledge in clinical data and regulatory science. Our Working Group events provide a free-to-attend, virtual space where professionals passionate about data transparency and real world evidence can come together to share vital knowledge, ask questions and address industry challenges.

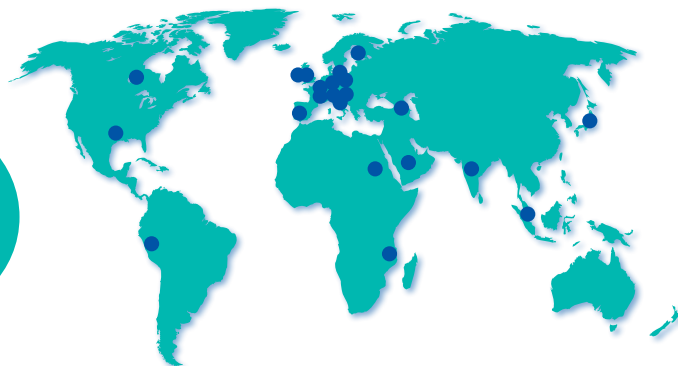

These events bring together experts from regulatory bodies, industry and academia, fostering collaboration through presentations, panel discussions, and interactive Q&A sessions. Attendees gain insight into key topics such as the review of regulatory deliverables, best practices for data sharing, and the use of real world evidence in clinical trials and regulatory submissions.

PHUSE continues this tradition with events designed to spark innovation, develop new ideas, and strengthen the community across all aspects of data transparency and real world evidence. Open to all, our virtual events provide a dynamic platform to learn, connect, and advance the field together.

2025 DT Attendees

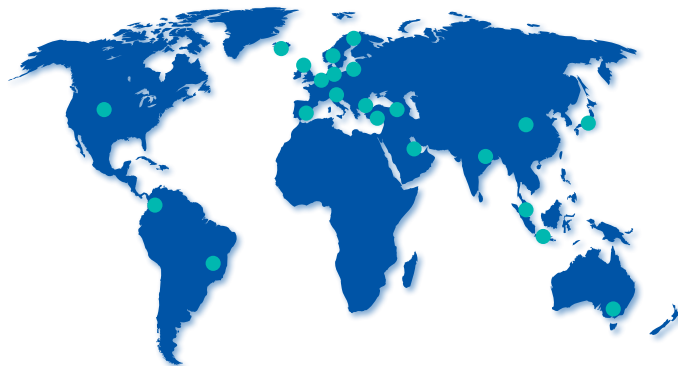

In 2025, the Winter Event in February and the Autumn Event in September welcomed a total of **87** live attendees – spanning across **220** different companies and across **29** unique countries globally!

On average, our events have a **98%** attendee satisfaction rate

2025 RWD Attendees

In 2025, the RWD Spring Event in April welcomed a total of **291** live attendees – spanning across **118** different companies and across **25** countries globally!

About PHUSE

PHUSE continues to advance its status as the global healthcare data science community, whose aim is to share clinical information, ideas, tools and standards.

Working Group Webinars

These webinars provide a virtual space for the PHUSE Project Leads and Members to highlight and share industry topics of interest relating to their Working Groups.

Working Group Community Forums

PHUSE Community Forums provide an open, collaborative environment where members engage in structured discussion, share practical experience, and explore real-world challenges relevant to the global PHUSE community.

PHUSE Blog

This online publication contains regular news updates, interviews, industry articles and reviews!

For more information about PHUSE, visit our website at phuse.global.

Sponsorship

Hosting a virtual event means that no matter where you are in the world you can participate. It provides the industry with a broader opportunity to share knowledge on a global scale, connecting through the virtual event platform. The sponsor options offer a range of benefits with ample company exposure. See page five for full details.

Each and every one of the PHUSE Data Transparency Events bring together the world's best speakers who are at the forefront of sharing in-depth experiences, insights and the future direction in what remains a challenging, ever-changing and fast-moving environment.

- Stephen Bamford

PHUSE Founder & Chairman of the Board | Head of Clinical Data Standards & Transparency, Johnson & Johnson

Benefits

COMPANY E-FLYER

Take creative freedom over an e-flyer and craft a targeted message for PHUSE's captivated data transparency audience. This is a great way to showcase extra information about your company offerings, as the flyer will be featured on the website.

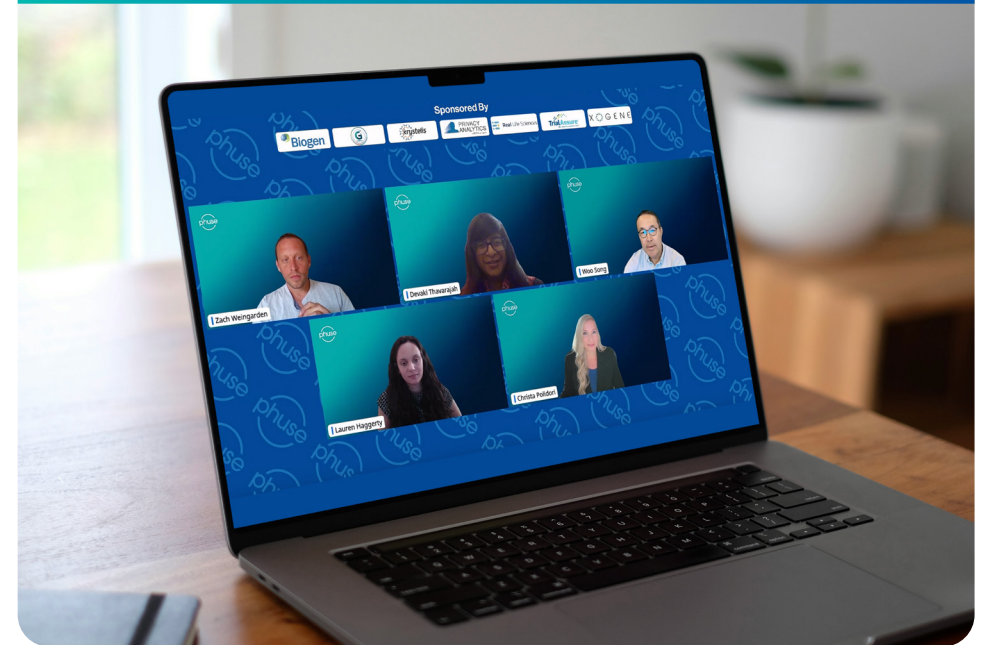

DELEGATE LIST

The Working Group Events welcome a broad spectrum of attendees across the globe. Having a list of their names, companies and countries is a valuable tool for you, as a sponsor, to utilise in your own strategy.

Did you know...

An average of 51 questions per event are submitted during the Q&A sessions.

That's an incredible display of attendee engagement and further exploration of the field through direct conversation!

Platform imagery example. Subject to change.

The PHUSE Real World Data Event will build upon the engagement in the Real World Evidence Projects, Community Forums, and PHUSE CSS break-out sessions. It will bring together engaged speakers from the field ranging from data vendor and data registry representatives to pharmaceutical and biotech industry representatives who are sharing their knowledge and ideas around Real World Data utilisation in a fast-moving and challenging environment.

PHUSE Real World Evidence Working Group Lead

Logo Exposure

In today's competitive business landscape, companies are constantly seeking innovative ways to increase brand visibility and build strong connections with their target audience.

Maximise your reach with PHUSE's captivated audience! This event provides an unparalleled opportunity to gain valuable logo exposure across our communications and digital platforms, leading up to, during and after the event.

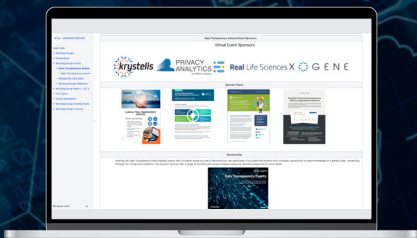

1 Targeted Reach and Engagement
 Reach your ideal audience by sponsoring events tailored to your industry. Gain direct exposure to attendees who are genuinely interested in the event's theme, increasing the likelihood of meaningful connections.

2 Amplified Recognition
 Boost your brand visibility through consistent exposure across event communications, digital platforms and during the live event. Your logo becomes memorable, building strong recognition with a broad audience.

3 Positive Brand Association
 Align your brand with meaningful events that resonate with your target audience, fostering positive emotions and enhancing brand loyalty.

Here's What Our Attendees Love About These Events

- This event has so many highly relevant topics and speakers*
- I love the Q&A sessions – great discussions take place*
- Gaining great understanding of the challenges of new technologies*
- The event is well organised and professionally done*
- All the presentations were great. It's like a refresher to me so I make sure to attend it every time*
- There is such in-depth information available on key industry topics*
- Presentations span such a variety of multiple disclosure topics*
- The presentations were highly engaging, particularly due to the diverse perspectives shared by experts around the world*
- I highly appreciate all the speakers and their incredible work and also the deep intention to collaborate and make things better for everyone around*
- This was my first time attending PHUSE. I will attend this event in the future and encourage all my colleagues to attend. It has been an extremely insightful set of three days*
- The sessions were engaging and provided clear insights, and I found the presentations particularly valuable for understanding*
